

SHOCKWAVE THERAPY

RADIAL SHOCKWAVE THERAPY HAS BEEN SCIENTIFICALLY PROVEN TO BE EFFECTIVE FOR:

heel pain/plantar fasciitis, tennis/golfers elbow, achilles tendonitis, rotator cuff tendonitis, frozen shoulder, and other common tendon problems.

WHAT IS SHOCKWAVE THERAPY?

Radial shockwave therapy is the application of a high-energy acoustic pulse. The shockwave is generated by a pneumatic compressor and delivered into the injured tissue.

HOW DOES IT WORK?

The shockwave increases circulation to the injured tissue. Many chronic tendon problems don't heal properly because of a build up of scar tissue and lack of circulation. Shockwave therapy increases blood flow to the injured tissue and stimulates the healing process.

IS IT EFFECTIVE?

Radial shockwave therapy is very effective. It has been proven to be 90% effective for plantar fasciitis, 77% effective for tennis/golfers elbow, and 91% effective for calcific tendonitis. Recent research also shows shockwave therapy to be effective for chronic trigger points.

WHAT DOES SHOCKWAVE TREAT?

Radial Shockwave therapy has been proven to be effective in the treatment of most tendon problems including plantar fasciitis/heel pain, tennis/golfers elbow, achilles tendonitis, jumpers knee, rotator cuff tendonitis, and frozen shoulder.

HOW MANY TREATMENTS DOES IT TAKE?

Shockwave usually requires 3-6 treatment sessions spaced 1 week apart. The treatments usually last 10-15 minutes.

DOES IT HURT?

Treatments may be uncomfortable however are well tolerated by everyone.

ARE THERE ANY SIDE EFFECTS?

No, other than temporary irritation or mild swelling of the injured area.

HOW MUCH DOES IT COST?

Shockwave is very affordable at \$75/session.

IS SHOCKWAVE COVERED?

Yes, it can be billed under your physiotherapy, chiropractic, or chiropody health coverage, and may be approved by WSIB for workplace injuries.

NEW PATIENTS WELCOME

Services Covered by Health Benefit Plans

Extended Hours:

Monday	8:00am – 7:30pm
Tuesday	9:00am – 7:30pm
Wednesday	8:00am – 7:30pm
Thursday	9:00am – 7:30pm
Friday	8:00am – 7:30pm
Saturday	9:00am – 3:00pm

SERVING VAUGHAN SINCE 1989
